*"Looking for a classy and hip local hang out? Look no further, this place has it all! Nestled in the hip new location at East Village, Village Crown is the new place to be. We had an event here on Saturday night and I can not praise this place enough. The Customer service is professional, efficient and attentive. They have a wide selection of foods on their menu, that is so delicious, it will have you ordering more than you planned (trust me that's what happened to me!). Drinks are aplenty, and very reasonably priced. Love, Love, Love this place!! I will be back for sure!" - @queenjensy*
